

**Product Description:** Cleans glass and reflective surfaces

- Purple/Blue Color
- No added Fragrance
- 1 to 30 dilution
- Cold Water compatible
- Formulated without VOCs

This product meets Green Seal™ Standard GS-37 based on effective performance, concentration of product, minimized/recycled packaging, and protective limits on VOCs and human & environmental toxicity. GreenSeal.org.

Wear appropriate protective gear when handling concentrate (rubber gloves, eye protection, and apron). For easiest use, the Simple Green Clean Building Proportioner minimizes contact with concentrate and assures the most effective and economical dilutions. • Use in an area with good ventilation. Open doors and/or windows in small areas. Appropriately diluted final use solutions do not require any protective gear.

**Directions:**

1. Dilution with cold tap water is recommended.
2. Mix at 1-part-concentrate to 30 parts water (1 ounce concentrate to 1 quart of water).
3. Fill spray bottles and spray on the area to be cleaned. Work in manageable sections if cleaning a large area.
4. Wait several minutes to allow cleaner to work before wiping and polishing the surface with paper towel, cloth or microfiber, or by using a squeegee to clean and dry.

**Properties:** purple/blue liquid with no added fragrance

Specific Gravity...	1.020 – 1.050	Boiling Point.....	~101°C (~213.8°F)
pH.....	11.00 – 12.50	Freezing Point....	~0°C (~32°F)
Flash Point.....	Non-flammable		
VOCs.....	CARB Method 310 - 0 g/L		0.0 lb/gal 0%

<b>Eye Contact:</b>	Causes serious eye irritation	<b>Ingestion:</b>	May cause upset stomach.
<b>Skin Contact:</b>	Not expected to cause skin irritation	<b>Inhalation:</b>	Not expected to cause respiratory irritation.

**Shelf Life:** In unopened containers, under normal storage conditions, Simple Green Clean Building All-Purpose Cleaner is expected to last two years or longer. Opened containers cannot be guaranteed due to uncontrollable variables.

**Date / Batch / Lot Coding:** All containers are stamped or stickered in the following way: YYJJBBB – where YY are the last two digits for the year of production (eg. 14 is for 2014), JJJ is the Julian date for the year it was produced (eg. 001 is for January 1<sup>st</sup>) and BBBB is the batch produced for that year (eg. 0004 is the fourth batch of the year).

**Storage & Disposal:** Store at temperatures above freezing and below 95°F. Repeated freezing or extended over-heating in storage or transport may degrade cleaning efficacy. Dispose of unused contents in accordance with local, regional, and national regulations. Rinse container with water and offer for recycling.

**PART NUMBERS:**

1200000111301 -	1 gallon container
11301 & 1210000211301 -	1 gallon container, 2 per case
