

TYPICAL CHARACTERISTICS OF CONCENTRATE

Appearance	-----	Pink fluid
Physical State	-----	Liquid
Flash Point	-----	Non-flammable
Boiling Point	-----	101 °C (213.8 °F)
Freezing Point	-----	0 °C (32 °F)
Specific Gravity	-----	1.008 – 1.012
pH	-----	1.0 – 1.25
VOCs	-----	0 g/L per CARB Method 310
Water Solubility	-----	100%
Odor	-----	No added fragrance

SDS AVAILABLE ONLINE

TYPICAL USES: Concentrated cleaning agent that is diluted with water and used for cleaning and removing hard-water scale and soap scum from hard, non-porous surfaces. Carries Green Seal GS-37 Standard certification and provides compliance with municipal, federal, and green-building requirements for green-certified cleaners.

SAFETY: Use protective glasses or safety goggles if splashing or spray-back is likely. Use protective gloves (any material).

SIMPLE GREEN CLEAN BUILDING® Bathroom Cleaner Concentrate

Part of the Green Seal Certified® Simple Green Clean Building line

UNIQUE FEATURES

- Meets the Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging, and protective limits on VOCs and human and environment toxicity. For more information, please visit GreenSeal.org.
- Complies with environmentally preferable product purchasing programs that are in place throughout federal, state and municipal governments
- Safer for employees than traditional, non-certified cleaners
- Non-caustic and non-abrasive formula won't damage delicate surfaces like porcelain and tile
- Cleaner contains no added fragrances, which can aggravate allergies or other sensitivities
- Packaging is composed of 25% post-consumer recycled materials
- Perfect for use in schools, universities, government facilities and LEED Certified buildings that require environmentally preferable product purchasing
- Part of a color-coded, number-coded and bilingually labeled cleaning line which also includes All-Purpose Cleaner, Glass Cleaner and Carpet Cleaner
- Ideal for use in product proportioning rack systems
- Removes dirt, grime, lime scale, mineral deposits, soap scum and hard water stains from a variety of bathroom surfaces
- Concentrate can be easily and economically diluted 1:20 with water
- Powerful cleaner handles heavy cleaning and daily maintenance cleaning with ease

APPLICATIONS

- Perfect for use in bathrooms, locker rooms, spa facilities, and more
- Cleans toilets, bathroom stalls, countertops, showers, tubs, sink basins, faucets and fixtures
- Safe for a variety of hard bathroom surfaces including ceramic, tile, grout, Corian®, Formica®, porcelain and cured fiberglass
- Specially designed for use in industrial and institutional applications including schools, universities, doctors' offices, hotels, motels, nursing homes, day care facilities, office buildings and more

DIRECTIONS FOR USE

- Dilute one part concentrate to 20 parts cold tap water.
- Spray or wet the area to be cleaned. Work in manageable sections if cleaning a large area.
- Wait several minutes to allow the cleaner to work. Scrub or agitate for stubborn build-up if necessary.
- Wipe the cleaned surface with a damp mop or cloth and allow surfaces to dry before resuming use of the area.
